

Cakes Unlimited, Inc.
for your Brownie, Junior or
Cadette/Senior Girl Scout Troop..

Cakes Unlimited, Inc. is working with various local Girl Scout troops to help the girls achieve their “Try-It”, “Let’s Get Cooking” or “Creative Cooking” patch.

Cakes Unlimited, is a small woman-owned business striving to build a niche in the food industry with a revolutionary cake kit. The InstaCake Kit (patent pending) is a frozen cake kit that has a moist, home-baked taste yet allows the individual to give it that personal touch, without a lot of effort, while maintaining a professional look.

Our staff works with each troop at their appropriate level. There are 3 basic kits and workshops designed to meet the needs of the Brownies, Junior Girls Scouts and Cadette/Senior Girl Scout badges. The workshop teaches the older girls about the culinary arts including careers, nutrition, food safety/preparation, the USDA food pyramid, and the latest culinary technology. In addition, all girls receive an individual cake kit and personalized instruction to learn the basic techniques to fill, ice and decorate their very own cake.

It’s a fun-filled and educational experience for all (including parents who can participate). Don’t miss your chance to book an evening with a Cake Specialist from Cakes Unlimited. For more information, please contact:
